The screenshot shows the Infinite Campus interface for a teacher named Black Garnets. The main content area displays the 'Category Detail' for a category named '2nd Q Midterm Exam' with a weight of 20 and sequence 1. The 'Sections' list includes '0402-20 SCIENCE 8R' and '0402-21 SCIENCE 8R'. The 'Grading Tasks' list includes 'Final Exam', 'Interim Comments', 'Quarter Grade', and 'Final Grade'. A red arrow points from the '2nd Q' in the category name to a text box on the right.

If you use "2nd Q" before each new category name, they will all be clustered alphabetically together near the beginning of the categories list. You can change their names *after* the 2nd quarter is over to "Z 2nd Q" so they'll be at the end of the list.

This screenshot is identical to the one above, showing the 'Category Detail' form for '2nd Q Midterm Exam'. A red arrow points from the 'Save Category' button at the top of the form to a text box on the right.

Then click Save Category.

Final Grade

For all the other quarters exams count for 50% of the grade. Since we're adding a Midterm that counts for 20% of the 2nd quarter, that means all the other categories must be reduced by 20%, so multiply 50 x .8 to get the new Weight for 2nd Q Exams. 50 x .8 = 40
