HHH SEPTA MEETING
JANUARY 25, 2018 7:30PM

ADHD AND IT'S IMPACT ON LEARNING

Please join us at The Fran Greenspan Administration Center located on 525 Half Hollow Road in the conference room.

Guest speaker: Hilary Gomes, Ph.D., ABPdN

Board Certified Pediatric Neuropsychologist, Diplomate American Academy of Pediatric Neuropsychology, Fellow National Academy of Neuropsychology

Learn about ADHD in children, about children with both ADHD and learning disabilities, and about the learning issues in children with ADHD who do not have a specific learning disability like dyslexia or dyscalculia. We will discuss inattention, poor behavioral control, and executive function issues that interfere with learning and a child's ability to demonstrate what they know.
Come and learn about what the HHH SEPTA has planned for the rest of the year.
